Franco-American Troops Definitely Break Through Enemy Defense Line

ARE NOW ONLY 5 MILES FROM AN IMPORTANT GERMAN BASE

Hun Forces Are Reported to be Evacuating Entire Sector Hinging on Bouciers. Fighting Continues All Day on 50-Mile Front in Champagne-Argonne Region.

SLOW PROGRESS NORTH OF ST. QUENTIN

(By United Press)

With the American First Army, Oct. 5.—Fighting continued today on all the entire 50-mile front in the Champagne-Argonne region. Heavy American artillery fire is supporting the infantry assaults.

The weather is ideal and there is a large amount of aerial activity.

German counter attacks near Fereville on the eastern edge of the Argonne forests, were repulsed last night.

Paris, Oct. 5.—Franco-American troops, striving north against Bouciers, are now within less than five miles of that important German base. The Germans are reported to be evacuating the entire sector.

London, Oct. 5.—Franco-American forces have definitely broken through the enemy defense line on the Suippe river, west of the Argonne, according to battle front dispatches received this afternoon.

South of the Aisne the German retirement before Gen. Mangins' and Gen. Berchelt's armies has ended temporarily.

The Germans are fighting desperately in the Champagne for every inch of ground because of the valuable spots behind the front.

The opposing armies are swaying back and forth.

North of St. Quentin, the allied lines are being gradually widened but the Germans are fighting hard and progress is slow.

10,000 Turks Desert

Zurich, Oct. 5.—Ten thousand deserters from the Turkish army assembled outside Constantinople and demanded the resignation of the Turkish Grand Vizier and the ministers of war, according to a dispatch from Constantinople.

French Making Progress

Paris, Oct. 5.—The French made additional progress north of St. Quentin, northwest of Rheims and in the Champagne region yesterday.

The Germans in the Monts region threatened with envelopment by the Franco-American advances, have evacuated the eastern portion of their area.

The number of prisoners taken in the last five days is more than 2,500. Thirty-one guns have been captured.

Haig Reports Advances

London, Oct. 5.—Further progress northeast of St. Quentin was made by the British yesterday, Field Marshal Haig reported today.

With the American First Army, Oct. 5.—Resumption of the American attack on the 20-mile front west of the Meuse, together with a 5-mile advance east of Rheims, has brought the Americans within a short distance of the German line on the west front, at many points.

More Than a Hundred Perish in an Explosion

Number of Casualties of All Kinds in Perth Amboy, N. Y., Disaster Estimated at Eight Hundred.

WINDOWS ARE BROKEN IN BROOKLYN

New York, Oct. 5.—More than 100 persons lost their lives in the explosion of T. N. T. which started in the enormous Gillespie shell loading plant near Perth Amboy, N. J., according to estimates at noon today. The number of casualties of all kinds is estimated at 800 with 300 hospital cases.

The explosions were continuing this afternoon. Firemen, police and soldiers were striving to save the town of Amboy and South Amboy from destruction by fire started by the embers blown over the countryside by the explosion of thousands of pounds of high explosives. Windows were broken in Brooklyn.

REGISTRANTS NOW FURTHER SPREAD NUMBER 2245 HERE IN COUNTY NOTED

Three Late Ones Are Added to List and Numbers Will be Assigned by Adjutant General

47 MORE CLASSIFIED FRIDAY

Total Classifications 399, of Which 233 Are in Class I—Four Students Inducted

The total number of military registrants of September 12 has been increased to 2,245 with the addition of three late registrants—Robinson Hufferd, William Leroy Harris of the Grand hotel and George M. Farhart of 920 West Third street.

When the local army board stopped assigning registration numbers, there were 2,242 registered. At a given time, the board was instructed not to give any more late registrants a number, but to send the names of all registering after that date to Adjutant General Smith at Indianapolis, who will assign the numbers.

The board classified forty-seven more registrants yesterday, bringing the grand total to three hundred and ninety-nine. The cases of twenty-nine classified yesterday went to the district board for ruling on occupation claims. Of the total number classified to date, two hundred and thirty-three have been put in class one by the local board. Many of these, however, it must be understood, are likely to get deferred classification from the district board.

Thirty-four questionnaires have been returned from the district board but the board can not make public the classifications under a recent ruling that none should be published until order numbers are assigned. These can not be assigned until the master list is forwarded to the board.

Induction papers for four registrants who are in college were forwarded today, at request of the college authorities, so that the students can be inducted into the Student's Army Training Corps. Papers were sent for Orville W. French, who is in school at DePauw university, Greencastle; Reull W. Bennett, who is at Valparaiso university; Frank J. Casady, who is at Hanover college, Madison, Ind., and William H. Hardwick, who is in Adrian college at Adrian, Mich.

Instructions have been received by the local board regarding the induction of registrants into the navy.

Reports of Physicians to Health Officers Indicate More Cases of Spanish Influenza

NONE REGARDED AS CRITICAL

If People Will Continue to Observe Rules of Prevention, There is no Cause for Alarm

Further spread of Spanish influenza over the county was indicated today in the reports of the various physicians which were made at the office of the city health official, Dr. J. B. Kinsinger.

Although numerous cases which have been termed "flu" are serious, none has taken on a serious aspect and although several of the patients have been very ill, no pneumonia cases have been reported as developing as a result.

All of the cases which were the first to develop are on the road to recovery and although Dr. Kinsinger stated today that he was unable to predict what the future might bring as each day has reports of a few additional cases, none of them is of a critical nature and as the number is being kept at minimum, he expects that through continued precautions which are being observed by everyone, the disease will not reach the epidemic proportion.

"There is nothing to cause alarm in Rushville," declared the health officials today upon the receipt of the physicians reports. "A continuation of the rules of prevention, set down at the opening of the campaign here against the disease is bound to result in the disease being kept at a minimum."

The following precautionary rules for the avoidance and lessening of the intensity of influenza, have been prepared by Dr. W. F. Lincoln, advisor of the Lake Division of the American Red Cross, for distribution throughout the entire Lake Division territory, consisting of the states of Ohio, Indiana and Kentucky:

1. All colds, however slight, should be treated as possible attacks of influenza. Patients affected by colds should stay at home and sterilize discharge from the nose and throat.
2. Avoid feeling or spreading of the disease.
3. Avoid crowds.
4. Regulate bodily functions and keep them so.

RUSH COUNTY IS IN HAILING DISTANCE OF \$800,000 MARK

FIGHT AS HARD AS YOU CAN EVEN IF BY PROXY

"I keep nibbling at them," said Joffre.

"I eat 'em alive," said Mangin. The Germans had a taste of the Joffre method at the First Victory of the Marne. They learned what it is like "being eaten alive" at the Second Victory of the Marne with the Yanks in action at Chateau Thierry.

So far as we, unwilling stay-at-home Americans are concerned, the only way to get in on the "eat 'em alive program" is to fight by buying Liberty Bonds.

The Germans will suffer more grief when they hear of overwhelming success of the Fourth Liberty Loan than they did when the British tanks first hit them on the Ancre.

Fight as hard as you can. You can fight by proxy. How?

By buying Liberty Bonds, as many as you can.

Not Daunted By \$349,100 of Quota Yet To Be Subscribed, Solicitors Are Determined.

SOME DISTRICTS ARE LAGGING

Canvassers in Rushville City and Three Out Townships Admonished to Speed Up

EFFORTS REDOUBLED TODAY

Vigorous Selling Methods to be Resorted to During Opening Days of Next Week

Rush county's Fourth Liberty Loan thermometer indicates that the county's total is in sight of the eight hundred thousand dollar mark with subscriptions totaling \$750,000, at noon today.

Not daunted by the \$349,100 yet to be collected in bond subscriptions, solicitors are determined to force the "mercury dollar" past the temperature mark and within a few days to have passed every objective which stands between the solicitors and a successful completion of the county's quota of \$1,000,000.

Reports which are now coming in at the county headquarters indicate a lagging behind in Rushville city and three of the out townships. Committeemen and solicitors of the lagging sections of the county have been admonished by the executive committeemen to speed up and to cover their ground within the next few days, so that final reports may be available before the close of next week.

Rush county workers redoubled their efforts during the day and although no estimates were made on the Saturday subscriptions, the county's loan treasury was believed, by officials, to have increased several thousand notches in Liberty dollars.

Vigorous selling methods are to be employed for the opening days of next week. The entire county is to be combed, according to the plans of the executive committeemen, so that no part of the county will be left untouched. Districts where the canvass has not resulted in subscriptions as large as expected, will be recanvassed and because this will be done at the request of the executives, it is expected that at each home revisited by the loan officials, the most courteous treatment will be shown the canvassers.

KING FERDINAND ABDICATES

Crown Prince Boris Reported To Be Ruling in Bulgaria.

(By United Press.)

Zurich, Oct. 5.—Crown Prince Boris has assumed control of the government in Bulgaria, following the evacuation of King Ferdinand, according to a dispatch from Vienna.

King Ferdinand is said to have abdicated Thursday.

Washington, Oct. 5.—Major-General Goethals was today appointed a member of the war industries board, B. J. Baruch, chairman, announced. He succeeds Brigadier-General Hugh A. Johnson.

BEN MEER REARRESTED AND RELEASED ON BOND

He Is Alleged To Have Committed Same Offense For Which He Was Held First Time.

BOND IS \$1,000 THIS TIME

Ben Meer of near Clarksburg, who was released under \$100 bond early in the week, after having been arrested for assault and battery on Melvin Miller, has been rearrested on a charge of assault and battery with intent to kill on the same man and is now at liberty under \$1,000 bond.

It is alleged Meer had barely been released when he again reappeared at Miller's home. He peered in at the window and then raised it, and Mr. and Mrs. Miller left the house, going to a neighbor's house. Another affidavit was filed against Meer and he was again arrested yesterday by the sheriff of Decatur county and brought here.

James Lusk, who runs the general store at Richland, was fined \$1 and costs in the circuit court yesterday on a charge of assaulting Luther Harcourt of Richland. Lusk pleaded guilty to the charge.

VON SOLM FOREIGN MINISTER

Amsterdam, Oct. 5.—Dr. Von Solm, secretary for the colonies has been appointed German foreign minister according to an official dispatch received from Berlin today.

"Linen Week" Will Be Continued Until Tuesday

"Linen Week" will be continued until next Tuesday evening. Deliver to the Red Cross all the towels, sheets, napkins and handkerchiefs you can spare for the French hospitals. Don't send old worn out articles to the wounded soldiers. The linen should be of strong, rather than fine texture. One article from each family will make the Rush county donation exceedingly large.

An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

- You increase power from 10 to 50 per cent.
- You eliminate that elusive knock.
- You stop the escaping gas around piston rings which abnormally heats the crank case.
- You stop the admission of auxiliary air past the piston rings which dilutes the mixture.
- You use less lubricating oil.
- You use less gasoline.
- You drive slower on high gear.
- You take hills with perfect ease and grace.
- You attain greater speed on level.
- You eliminate the over-heating.
- You stop fouling your plugs.

Our Price is Reasonable.

Bring in your motor and let us fix it up.

The Anker-Holth Self-Balancing Cream Separator

MR. FARMER: MADE IN U. S. A.

Here's the Cream Separator you have been waiting for. Here's the Separator that will make you more money from your cows than any other mechanical skimmer on the market today. Note its great simplicity, its mechanical neatness and large supply can.

The Self-Balancing Bowl Is a Wonder

No other Cream Separator has it, nor can adopt it, because it is the invention of Mr. S. C. Anker-Holth, the originator of this machine, and is used exclusively in the Anker-Holth Separator. No more bowl trouble. No sending to the factory to have your bowl rebalanced. Our bowl balances itself—the interchangeable self-shifting discs do the work. This feature is not only a revelation to other separator manufacturers, but has brought joy to the hearts of thousands of users of Anker-Holth Separators.

What This Separator Will Do

It will increase your dairy profits 20 to 40 per cent if you are skimming your milk by the old hand method. Call and see the separator and get our price.

REGISTRATION IN COUNTY TOTALS 5500

County Officials Agreeably Surprised by Remarkable Showing Made Here

ONLY 5,600 VOTES IN 1914

With only one remaining day for prospective Rush county voters to comply with the registration obligations, the county's registrants had mounted to the 5,500 mark at noon today.

Registration officials voiced agreeable surprise when the tabulation this morning showed the large number of registrants since they did not expect the number to surpass the fifty-two hundred mark, after taking in consideration the fact that the last election, which was in peace time, had only 5,600 registrants.

The registration office will close Monday evening at five o'clock after giving the voters of Rush county a six months opportunity to abide by the rules governing their participation in the fall election.

ASKS FOR AN EXPLANATION

Great Britain Wants to Know What Austria-Hungary Means.

(By United Press.)

Amsterdam, Oct. 5.—Replying to an alleged request by Austria-Hungary for a peace conference of all the fighting nations, Great Britain is reported to have demanded that the Austrian government explain what it means by a "non-committal conference."

Austria-Hungary's reported request was made Thursday.

ASKS PLEDGE FROM GREEN SPROUTS INDIANA FARMERS

Food Administration Asks They Abstain From Feeding Wheat Mill Feed With 2 Exceptions

NECESSITY OF CONSERVING

Farmers Also Requested To Purchase No More Than Sixty Day Supply Of Any Necessity

A voluntary pledge to abstain from feeding wheat mill feeds except to dairy cows, poultry and young pigs, will be asked of the patriotic Indiana farmers by the United States Food administration. A number of reasons contribute to the present very acute necessity of conserving wheat mill feeds, according to advices from Dr. Harry E. Barnard, federal food administrator for Indiana.

In addition to the pledge restricting the use of wheat mill feed, farmers are asked to agree to purchase not more than a sixty days supply for all purposes. These agreements are held essential to the maintenance of the price restrictions, which in the food administration's policy to favor the farmer, have been maintained, Dr. Barnard asserts, at an artificially low point.

Reports received by the food administration indicate a heavy feeding of wheat will feeds to work animals and beef production. As a consequence of the absorption of much of the wheat mill feed at local points, near the mill, many dairy sections have been practically without this essential feed.

The food administration is requiring millers and jobbers to distribute their wheat mill feeds in such manner that each state receives the same proportion from each source, as during the same quarter of 1917.

The larger extent of the drought area, which has necessitated an increased use of feeds; the shortened corn crop in many sections; the larger shipments of wheat abroad and the transportation troubles at home are offered in justification for this appeal. Farmers, are expected, Dr. Barnard says, to recognize the importance of continuing dairy herds, for the protection of children, especially those of the allies who have purchased enormous quantities of condensed and evaporated milk here.

SAYS CONTRACTS MAY BE CONTINUED NOW

There Will be no Halt in Construction of Streets and Roads For The Present at Least

NO NEW CONTRACTS MADE

Notice was received from the War Industries board, by the Indiana State Council of Defense today that the extended policy of censorship of all expenditures of men, money and material, are interpreted to mean an authorization of contractors and others engaged in the construction of streets, pavements and roadways, now substantially under way, to continue such construction uninterrupted. Manufacturers and distributors of materials and dealers in supplies used in any such construction therein may continue to furnish same for the purpose up to November 1, 1918. Applications for permits should be made promptly to the United States Highway Council through the state highway departments for the completion of all work now under contract and under construction which cannot be completed prior to November 1.

"No new contracts for the maintenance or construction or reconstruction of streets, pavements and highways should be entered into or no new construction not now in progress undertaken, either prior or subsequent to November 1st, without first obtaining a permit from the United States Highway Council, through the state highway department," adds the interpretation of Circular No. 21 under which the policy of the War Industries board was promulgated.

Miss Margaret Woods of Arlington is dangerously ill at her home with influenza.

GREEN SPROUTS EVIDENT IN WHEAT

County Food Men Requested To Report Names Of Farmers Whose Straw Stacks Show Green

SHOWS ENORMOUS WASTE

Plan of Food Administration To Reduce Wheat is Proving Success Through State.

County federal food administrators were requested today to report to the office of Dr. Harry E. Barnard, federal food administrator for Indiana the names of the owners on whose farms the wheat straw stacks are now showing green. The green sprouts are evidence of the enormous waste of wheat, due to defective threshing. Steps will be taken at once, Dr. Barnard announces, through the Grain Threshing Division of the federal food administration to identify the owners of the machines whose defective operation was responsible for this waste.

The attention of the food administration was directed to the "green straw stacks" by the Indiana State Council of Defense which is co-operating with the food administration through the Threshing committees named in each county. The plan of the food administration to reduce the 31 per cent of wheat wasted annually through defective machinery and carelessness in the threshing, is believed to have been a complete success in most counties of the state. However wherever green stacks have been located inquiries will be made to prevent further waste of the wheat "which should go into the flour barrel."

"Slacker threshing machines must go," said Dr. Barnard today. "The need of wheat is too pressing to allow of such wastage. Farmers who insisted on having their grain carefully handled and threshed in machine that were not defective realize after one season that it was the most profitable as well as the most patriotic thing they could have done under the circumstances."

WHEAT STILL WITH GROWER

Indianapolis, Ind., Oct. 5.—That a large proportion of this year's Indiana wheat crop is still in the hands of the growers is indicated by reports reaching the federal department of agriculture here. The chief reason that farmers have not marketed their crops, according to the reports, is that there is a serious shortage of cars for moving grain.

In order to conserve the crop, growers are urged to use the utmost care in storing the grain to be certain to have a clean granary and to avoid mixing the new grain with the old.

Italians Praise Yankee Fighters
Rome, Sept. 18 (By Mail)—Italian soldiers fighting on the western front express great praise of the American soldier and many letters are being received here, in which special praise of the gallantry and bravery of the Italian-American Buddy is made.

Lieutenant Nicola Celeste of the Italian Artillery, located with the Italian Expeditionary Force in France, recently wrote a prominent member of the Italian parliament in which he said in part:

"I am among the American troops. These sons of Free America are marvellous for their dash, orderly appearance and discipline."

"They have a prodigious organization. They have their own railway and telephone systems. They have their own motor car service. Their supply of artillery and ammunition seems to be endless."

"I was surprised at the great number of Italian-Americans, most of whom have left families in the States, but preserving great love for Italy and the Italian Army. They were particularly surprised at the Caporetto disaster which they had considered impossible. All are very keen on being sent to Italy to fight in America's name for the country of their fathers."

CALLAGHAN CO

STATE CONFERENCE WILL CLOSE SUNDAY

Principal Address of Meeting is Delivered at Patriotic Service by Cong. John Lenz

NEW OFFICERS ARE ELECTED

The annual conference of the Christian Union churches of Indiana at Rays Crossing will close tomorrow after a most successful session which began Wednesday evening. The feature address of the meeting was delivered Thursday evening by Congressman John Lenz of Illinois, who described conditions in France, Belgium and England. He was a member of a congressional party which recently made a tour of the western battle front. His address was made at a patriotic service designed to aid the Liberty Loan campaign.

The main address on yesterday's program was delivered by the Rev. O. J. McMullen, who is in the Y. M. C. A. service at the Great Lakes naval training station. The annual election of officers resulted as follows:

President, O. J. McMullen; vice-president, Dr. G. I. Inlow; secretary, the Rev. P. O. Ortt; corresponding secretary, Edna Thomas; treasurer, Landy Brown; superintendent Young People's Christian Endeavor, the Rev. P. O. Ortt.

REGISTRANTS NOW NUMBER 2245 HERE

Continued from Page One

and marine corps, leading to the belief that calls will be received shortly for men in these two branches of the military service. The induction calls may be expected soon, according to the instructions. Provision for this departure in the method of obtaining men for branches of the service other than the army was made in an act of congress approved August 31, the bulletin received by the board points out.

The bulletin received states that the provost marshal general will announce calls for the navy the first part of October and calls for the marine corps will be made later. These calls are to be filled exactly

as calls for the army are now being filled and credit will be given the local board for all inductions into either the navy or marine corps. Each call will be designated as here-tofore and the point of mobilization will be named. The calls will both be general and of a special nature, similar to the army calls. The order points out that from time to time the board will be called on to send to the navy and marine corps, men qualified for special service and who have had experience in certain lines of work.

A distinctive brassard or arm band will be provided for the men inducted under navy call, which will bear the letters "U. S. N." The orders further provide that no registrant who cannot read, write or speak the English language shall be inducted under any of these navy calls. The navy is not going to be bothered with the conscientious objector either, as the board is instructed to send none of this class of men. The army always took the objectors to war, and they caused no end of trouble, resulting in many of them going to prison for long terms. The order makes it plain that the

navy will not be bothered with the conscientious objector either, as they will be army to worry over. The drafted must be citizen of the United States.

In preparation for the enactment of this new provision draft law, all naval recruits in the country are being taken. The same action was taken army recruiting offices ago, since there is no longer need for the offices since able men are now in the draft

Amusements

Charles Chaplin Here To

A powerful drama of love, stern hand of retribution in plot of the feature number, "The Battle Royal," followed by Charles Chaplin, pin and Polly Moran will appear in "The Bond," Monday. Phillips will take the leading "The Mortgaged Wife" and, on day evening "The Biggest Show on Earth," will be portrayed. Enid Bennett.

Fourth Liberty Loan Drive!

Put the HUN Under Bonds To Keep The Peace For All Time To Come.

The Drive for the Fourth Liberty Loan has Commenced.

Uncle Sam wants to raise at least \$6,000,000,000.00. He wants it NOW. Let's make the Fourth Liberty Loan Drive memorable in the annals of War. Show the world our determination to see the war through to glorious triumph. In subscribing for Liberty Bonds you are giving nothing—you are simply lending money on the greatest security in the world at 4 1/4 per cent interest. If you have the cash, pay cash for the bonds. If you are unable to pay cash, buy them on the part payment plan devised by the Government, or upon our Special Payment Plan. The Government is anxious to get as many individual subscriptions as possible, so that the enormous sum total may be an object lesson to both allies and enemies. Make your subscription through our Bank and Trust Company.

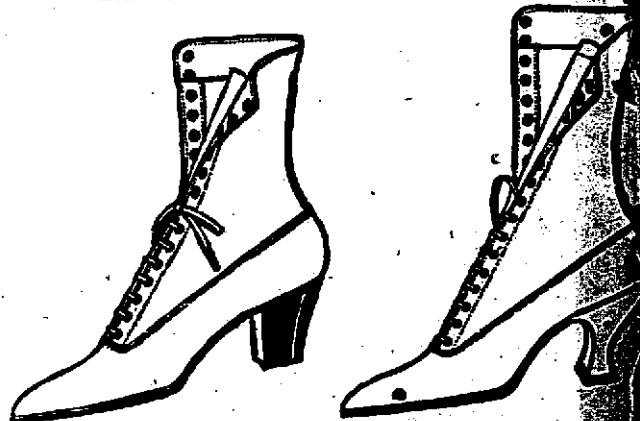

MAKE YOUR SUBSCRIPTION NOW DOUBLE QUICK TIME — FOR SUCCESS.

LOCAL DELEGATES TO ATTEND CONVENTION

First Baptist Church Will be Represented by the Pastor and Five Other Members

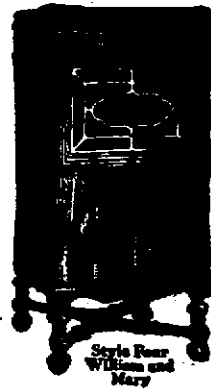

SESSIONS TO BE NEXT WEEK

The Rev. C. J. Bunnell and five delegates from the First Baptist church of this city will attend the eighty-sixth annual state convention of the Baptist church will be held in Indianapolis next week, from Tuesday until Friday.

The convention will sound a wartime keynote which will be by far the most interesting held in a number of years. From five hundred to one thousand delegates from all parts of the state will attend the sessions, which will be preceded by a meeting of the Woman's Baptist Missionary society. The opening session on Tuesday afternoon will be the annual church conference when the Rev. E. V. Mullins, president of the Baptist Theological seminary of Louisville, Ky., will deliver the address.

Plans will be featured for a campaign to start Nov. 24 to increase the church membership in the nation by 1,000,000. The Rev. J. F. Fraser, D. D., of Muncie, is president of the convention and the Rev. G. Duncan of Kokomo is secretary.

GOOD READING FOR TOMMIE
 London, Sept. 13. (By Mail). People have been using the postoffice free postage privilege of sending magazines to the troops as a means of unloading a wild assortment of journalistic and literary junk on the Tommies. These are some of the magazines and articles sent out for men in the trenches to read: "How to Improve Your Complexion," "Dressmaking at Home," "Needlework for Our Girls," "Tinky Tales for Tiny Tots." *****

The Cheney's Basic Patents

THE Cheney, alone, among all makes of phonographs, employs a *distinctly new principle* of tone reproduction, fully covered by *basic patents*.

Before the United States Government grants a basic patent, conclusive proof of its *newness* must be presented.

When you purchase a phonograph, why not exercise the same care, and demand conclusive proof that it is the *very latest and best*.

Hear the Cheney! Let this wonderful musical instrument *prove* to you that it possesses the most beautiful and perfect tone known to phonographs.

SCRAP BOOKS FOR SOLDIERS WANTED

Rushville Organizations Plan Making Them For the Entertainment of Wounded

FOR THOSE TOO ILL TO READ

Regulations For Completion of Books Which Are Issued by Rush County Red Cross

Because even those men who are too ill to sit up and are confined to the hospitals behind the firing line in France must have amusement of some sort to take their minds from the nerve racking struggle through which they had just passed, the Red Cross is asking that scrap books be prepared for their amusement.

Scrap books are suggested for men who are too ill to even hold a heavier book and yet are able to look at pictures and to do a little light reading. The Ladies' Musical of this city has taken steps for the completion of several scrap books to be sent to the hospitals overseas and in order that other clubs and individuals who wish to make them might do so, the Red Cross of this county, has issued the following rules and regulations as a guide in making them:

Cover

Decoration—Attractive colored picture of suitable size so as not to crowd the page. American flag or the flags of the allies suggested.

Tying

Tie with red, white and blue string unless more elaborate cord or ribbon is preferred.

Pictures

Kind—Preferably colored. Attractive, cheerful, large enough to be easily seen.

Arrangement—In all cases horizontal so that it will not be necessary to turn the book in order to see the pictures. More than one may be placed on a page symmetrically arranged and not crowded.

Cutting—Trim of all advertising print and large backgrounds.

Picture Post Cards

Avoid their use. In a few cases reproductions of works of art if well selected might be permissible. They increase weight, however.

Printed Matter

Envelope stories—One short story for each book, this story to be complete, margins neatly trimmed, and placed in a plain envelope, plain side pasted to the page. This allows the story to be read without holding the book.

Poems—One short poem per book, to be pasted directly on the page. Jokes—Jokes clipped from humorous magazines or columns may be used. In all cases avoid war and other horrors.

Brevity and good print should be considered in printed matter, for if the patient were able to read at length he could read a magazine.

Supervision

All arrangement and work of children should be supervised by parents, teachers, or other qualified to direct.

Weight

Avoid thickness of paper in selecting pictures so as to reduce the added weight to a minimum. A heavy book cannot be handled nor pages turned by sick and weak men.

Miscellaneous

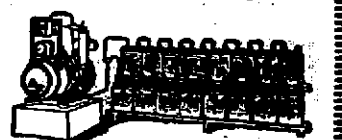

Remember these books are for grown men—not children—and this fact must be considered in selection of material.

THIRD ATTACHMENT SUIT

A third attachment suit has been filed against the Automotive corporation, A. H. Wyatt, president; William Hulin, treasurer, and Harry Pea, local drayman, this time the Republican company being the plaintiff. The sum of \$75 on an account is demanded. The other suits were filed by O. L. Carr et al. and the Rushville Telephone company.

A penny supper was given last evening at Webb's school house, taking in \$134.60, which will help to pay for the piano that the school recently bought. An enormous crowd attended.

Girl Motor Car Drivers Wanted

No Longer Necessary For Feminine Gender to Worship Soldiers From Afar Because They Are Given Opportunity by Red Cross to Serve on Ambulances, Rush County Chapter Has Information.

Girls who drive their own cars in Rush county—attention.

The Rush county chapter of the Red Cross was advised today of the initial movements which have been begun for the establishment of corps of girls who drive their own cars or who will train for ambulance driving.

It will no longer be necessary for the members of the feminine gender to worship from afar those who are covered with military clothing and insignia, for by joining the ambulance corps not only valuable personal training will be secured, but in addition the right to use the Red Cross insignia and to assume that military "snap" is granted.

Girls signing up in the corps may sign for work in France if they so desire when the call is made for drivers by the Commissioner to France, such as the recent call for 450 women, for such applications are now being received.

Alva Bradley of Cleveland has recently been appointed director of the Motor Corps service and has notified E. B. Thomas, Rush county's Red Cross chairman, of the newly begun movement. Any applications for admission into the corps will be made to Mr. Thomas.

PERFUME GOING UP ON ACCOUNT OF WAR

(By United Press.)

Rome, Sept. 8. (By Mail.)—As a result of the war Italy's perfume next year is to cost more than ever before.

Be that as it may, Bulgaria is the world's center for the cultivation of roses for perfume purposes. The essence of roses from Bulgaria constitutes the basis of the great bulk of all genuine flower perfumes the world over. The cultivation of these roses is one of the principle industries of the Bulgarian peasant when he is not engaged in massacring his Serbian neighbors or performing other non-essential atrocities.

This year, owing to the fact that the great bulk of the Bulgarian peasant population is mobilized in the cause of Germany, the roses have not been given the cultivation and attention they need.

The entire production of essence of roses in Bulgaria this year has been only about 4,800 pounds. On account of the poor quality of roses this year it required about 60 pounds of roses to produce 5 grams of essence. If the roses had been properly attended to this quantity could have been secured from only 35 pounds of roses.

The women of the Allied countries are thus to have brought home to them a realization of what it means to make war against Germany and her allies.

WANT ADS BRING RESULTS

CHILDREN ARE ENTITLED TO GOOD SCHOOL HOUSES

By Dr. J. N. Hurty
(Written for United Press.)

Is it fair to house school children in old, dilapidated, leaky dreary school houses? Is it fair to house school children in unevenly warmed, illy ventilated, wrongly-seated school rooms? If this is wrong, then in several thousand school houses in Indiana the children are not given a fair deal.

In every township there are schools where children sit at desks and in seats which do not fit their growing bodies.

There is not a township in Indiana in which cannot be found school houses which are not supplied with pure drinking water. And there is not a township in Indiana where school children are not compelled to breathe foul air.

This is wicked injustice we call economy.

School children are broken on the wheel of unsanitary school houses every year in Indiana. Children who should grow up straight and healthy are deformed and broken in health by the thousands every year. Unsanitary school houses are responsible for probably forty percent of our consumption which we are trying so hard to cure in hospitals.

Unsanitary school houses' cut down the efficiency of the teachers, they cut down the efficiency of the children and they are the cause of hundreds of short graves in our cemeteries. Yet, we say it is economy not to remedy these matters.

3 Townships Pass Quotas In Suffrage Drive

Washington, Union and Noble Get More Than Their Allotment of Members Though County Falls Below Mark With Total of 2,215 Petitioners and 435 Members.

The campaign of the Rush county Franchise League for membership and petitioners for the woman's suffrage amendment has closed, and although the county did not reach its quota of 850 members, which was regarded as exceptionally high, leaders of the movement here are well pleased with the results obtained.

The final report shows 2,215 petitioners and 435 members in nine townships and Rushville city, as three townships did not participate in the drive at all. Three townships—Washington, Union and Noble, passed their membership quotas, Washington getting one-third more than its allotment.

Some are disposed to regard the campaign for petitioners as wasted effort, but Franchise League workers here point out that is a false impression. Although the suffrage amendment was defeated by a scant two votes in the senate the other day, it will come up for another vote in November, and supporters of the amendment are hoping that it will receive the necessary two-thirds vote.

The number of petitioners and members by townships and the women who were in charge of the campaign, are as follows:

Ripley township—17 petitioners, 17 members, Mrs. William Henley, chairman.

Posey—131 petitioners, 48 members, Miss Mary Lawrence.

Walker—220 petitioners, 8 members, Mrs. D. E. Barnett and Mrs. John Bird.

Anderson—223 petitioners, 4 members, Miss Emma Terhune.

Rushville township—155 petitioners, 21 members, Miss Olive Baell.

Center—227 petitioners, 19 members, Mrs. Bert Renner.

Washington—288 petitioners, 60 members, Mrs. C. L. Smullen.

Union—231 petitioners, 73 members, Mrs. Elijah Billings and Mrs. Ed Lewark.

Noble—133 petitioners, 47 members, Mrs. Harry Armstrong.

Rushville City—600 petitioners, 138 members, Miss Mary Sleeth.

Distribution of posters throughout the county is the unique plan adopted by the woman's committee of Jefferson County. One poster now being distributed purposes to aid the government in procuring walnut logs for gun stocks, while another gives information regarding to sending mail to prisoners.

SCIENTIFIC CONSTRUCTION

When a large audience in a theatre or any other public gathering is stampeded and becomes panic stricken, they all try to get out the door at once. The result is usually a complete blocking of the exit.

If the passage way could give back and expand—become larger as it were—the mass of humanity would free itself and the blockade would be broken.

The RUSHVILLE SPECIAL Spreader is equipped with expansion chambers at the rear of the box and just ahead of the beater wheel. When the load is moved back, packed and solid as it is, there is room for it to EXPAND as the beater wheel penetrates this load. There is no jamming, packing or congestion which means heavy draft. Because the load does not pack, the beater wheel runs freely and easily discharges its load without adding any particular additional draft to the horses.

One of these expansion chambers is located on each side of the box near the beater wheel. This forms what we call the NO-CHOKER BOX. This patented feature of this MODERN Spreader will, in itself, reduce the draft on any spreader that does not have it, at least 15%. By eliminating this heavy draft the beater wheel does not have the friction which it otherwise would have and this removes the strain from the machine.

Come to our warehouse and see the machine. Take it on your farm and try it. The proof of the pudding is in the eating. We solicit your inspection.

R.H.S. BASKET TOSSERS DEFEAT MORRISTOWN

Local Team Piles up Score Against Visiting Team Which Was Unable to Withstand Fast Playing

TOMPKINS HURT IN CONTEST

The local high school quintet played a brilliant game last night in the local gym when they met and defeated the Morristown high school five by a score of 33 to 8.

The basketball team from this city is showing up in excellent form and prospects of a fast winter schedule is promised to local fans. The Morristown representatives did only a little playing in their section of the field and when such occasions occurred the teams forwards were unable to locate their basket. The game was refereed by Carl Gunning and the local team lined up as follows:

Guards, Norris and Dill; forwards, Keating and Caron; center, Tompkins; substitutes, Becker and Miller. John Tompkins received a deep cut over his left eye when he came in contact with the elbow of his guard. The wound required several stitches to close it for which medical assistance was called at once.

FAIRVIEW H.S. VICTORIOUS

Defeated Fairview Independents by Score of 45-2

The Fairview high school five defeated the Fairview Independents in a decisive game of 45 to 2 in the Fairview gym last night. The victorious team has excellent prospects for a fast winter schedule among the various teams of the county. Their team which is made up of some of the best players in the county is composed of the following members: Harry Rea, center; Harold Hill, Clifford Patent, forwards and Vern Duncan and Russell Link, guards.

AN EARLY APPEAL

It is not too early to begin thinking about the housecleaning. We just wish to remind the managers of the households that our rug cleaning department is ready for your rugs and carpets.

Not only is our business limited to rugs and carpets, but we clean draperies and portierres. If it is made of cloth and material and can be moved, we can clean it for you.

Don't wait for the rush to begin, but let us clean them for you now. People living in the country can bring or send them to us and we will clean the rugs promptly—perhaps the same day.

Don't dread housecleaning time—We're here to help you. Call us—Phone 1154. We call for and deliver.

CAMPAIGN AGAINST RATS AND MICE, PLAN

County Council of Defense Plans to
Carry Out Suggestion of Na-
tional Body

CAMPAIGN LEADERS NAMED

The Rush county council of defense and the township councils at the request of the national defense council, are planning to carry on a campaign against rats and mice, beginning October 28 and continuing through the week.

T. M. Green, county defense chairman and Marion Detrick, county agricultural agent, have been appointed campaign leaders and workers will be appointed to take charge of the eradication of the pests in various sections of the county.

A request has been sent from the Biological survey department at Washington asking that the campaign be made on the basis of a thorough eradication program, giving statistics showing the millions of dollars worth of food which is destroyed yearly by rats and mice.

Carthage Gives Example
of Community Co-operation
The town of Carthage demon-
strated a few days ago what a
community can do towards the
war program with a little co-
operation. The Carthage plant
of the Dana Canned Goods
company was literally swamp-
ed with tomatoes and did not
have the labor to peel and can
them before they spoiled. The
people of Carthage knew that
it would be a serious matter
for so much food to be wasted.
Several Red Cross workers vol-
unteered and peeled tomatoes,
this setting the example for
others who came to the rescue
of the canning factory. On two
days during the week four
teachers and 120 pupils left
their school rooms and worked
at the factory which enabled
the company on Wednesday
alone to turn out ten thousand
cans of tomatoes.

Willard STORAGE BATTERY SERVICE STATION

Never Put Acid Into It

Don't monkey with Acid.

It won't strengthen your battery.

It won't ginger up your starter or brighten your lights.

It won't put fire in your spark.

But it does burn the life out of the plates—increases the need
of repairs—makes your battery cost more and makes its life shorter.

If you think your battery needs acid, come in and get an expert
opinion.

Ask for a copy of the booklet—"A. Mark With a Meaning for
You." It tells a vital story.

PUBLIC SALE

We, the undersigned, will sell at public auction at the farm recently sold, one-half mile east of Rushville, just opposite East Hill cemetery, on

THURSDAY, OCTOBER 10th, 1918

SALE TO COMMENCE AT 10:30 A. M.

6 HEAD OF MULES 6

One span of horse mules six years old, as good a work team as lives. One span horse and mare, big stout users, one span of weanlings, horse and mare, as good a pair we think as you will have an opportunity to buy this year.

35 HEAD OF CATTLE 35

Two roan Shorthorn cows, both due to freshen soon after day of sale. One three-year-old, the other four years, both of a great milking strain, the kind that you will try to buy. One registered Holstein cow, when first fresh gave 50 pounds of weighed milk per day, with heifer calf at side, papers go with this cow. One grade Holstein cow, fresh with calf at side, giving five to six gallons of milk a day. One Jersey cow, fresh, giving extra good quality of milk. Three Shorthorn heifers with first calf at side. One red Shorthorn cow giving three gallons of milk a day, bred. Two black Poll Angus cows. Three coming two-year-old Shorthorn heifers. Three yearling Shorthorn steers. Ten head of weanling Shorthorn calves. Four head of yearling Jersey heifers.

50 HEAD OF HOGS 50

Two head of registered yearling Big Type Poland China sows. Three head of registered Big Type Poland China spring gilts. These sows and gilts all have papers with them. Two head of Big Type yearling sows, eligible to register. Six head of Big Type Spring Gilts eligible to register. Three head of sows with 24 pigs old enough to wean. One registered yearling Big Type male hog. One Big Type spring boar, eligible to register. One coming yearling Duroc male hog.

All the above named hogs, especially those that are registered or eligible to register we think you will find to have as much quality and as good blood lines as you will be able to find at any breeders' sale. Anyone looking for foundation stock to start a herd of the right kind should attend this sale, as we don't hope, not having a greater number of good hogs than what we here offer, to draw the breeders from a very great distance, leaving the competition to our local farmer friends. Absolutely every hog offered for sale, except pigs by dams' side are double immune.

300 BUSHELS OF OATS IN BIN; ABOUT THREE TONS OF LITTLE RED CLOVER HAY IN MOW; FIVE TONS OF TIMOTHY HAY IN MOW. ABOUT SIX TONS OATS STRAW; 50 BALES OF NICE BRIGHT STRAW.

Farm Implements

One double disc, one two-row corn plow, one one-row corn plow, one steel roller, one walking break plow, one Black Hawk corn planter, work harness for six horses. One two-row stalk cutter.

TERMS MADE KNOWN ON DAY OF SALE.

WILLIAM C. MORGAN DUSTY MILLER

Sale to be held under tent regardless of weather.

Lunch to be served by the Little Flat Rock C. W. B. M.

POLITICAL LEADERS FORECAST LIGHT VOTE

Report From States Show Between 50 And 80 Percent Vote Polled In 1916 Enrolled.

REGISTERING PERIOD ENDS

Indianapolis, Ind., Oct. 5.—With the registration of voters at the election in November practically at an end in the state, political leaders today forecast a very light vote at the election.

Reports from all over the state show that between 50 and 80 percent of the total vote polled in 1916 is registered at present. Although there is a week left yet in which men may register, it is believed that practically the entire vote already has been enrolled. Both political parties have been conducting intensive drives in all parts of the state to get the voters prepared for the election.

In Marion County the democrats estimate that they have registered about 60 percent of the vote, while the Republicans say that 80 percent has been enrolled.

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatism, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Plante (Brakeman), Sec'y, Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing obstructions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me."

F. B. JOHNSON

CHARGES AGAINST WATSON FALL FLAT

Democratic Newspapers Of Indiana Use Editorials In Washington Times By Arthur Brisbane

ACCUSATION PROVE FALSE

Accused Senator James E. Watson Of Being Godfather Of National Republican Newspaper

Washington, Oct. 5.—The investigation by the Senate Committee on Judiciary into the purchase of the Washington Times by Arthur Brisbane is receiving particular attention by Indiana republicans at the National capital.

Brisbane is a democrat and Hearst editorial writer and Brisbane's newspaper has been a staunch advocate of the national administration at all times.

The Indiana interest in Brisbane attaches especially to the full page editorial written by that gentleman a few months ago that was widely circulated by the democratic press of Indiana. This Brisbane editorial charged Senator James E. Watson with being the "godfather" of the National Republican newspaper and conveyed the impression that Senator Watson was using government stationery and abusing his franking privilege in sending letters through the mails, in behalf of the National Republican.

The democratic press bureau of Indiana took up the Brisbane "charges" against Senator Watson and sent them broadcast over Indiana in a partisan attempt to create public mistrust in the Senator.

At the time the real character of Mr. Brisbane and the brewery interests, which financed his paper, were not known to the people of Indiana. The fallacy and untruth of Brisbane's accusations against the Senator were fully exposed at that time and other Washington papers told the real facts and that Brisbane's "charges" were wholly without foundation.

The United States Brewers Association, whose members, it is charged, furnished the money with which Brisbane purchased the Washington Times, has long been active in politics. The exposure has opened the eyes of Hoosiers to the kind of man Brisbane is and his false charges against Senator Watson have fallen of their own weight.

FEW INDIANA NAMES APPEAR ON CASUALTY

Eleven Hoosiers Are Included on List Which is Made up of Five Hundred and Thirty-Two

303 ARE WOUNDED SEVERELY

Washington, Oct. 5.—A noticeable decrease of Indiana men in the casualty list was visible today when among the names of 532, only 11 were Hoosiers. Of this number three were killed in action.

The Indiana casualties were divided as follows: Killed in action, Charles Gard, Garrett; Clarence Bigler, DePauw; Joseph Krak, Gary; Wounded severely: Everett Beach, Linden; Merrill Bloss, Goshen; John Metz, Elwood; Wilbur Covey, Marion; Thomas Crafts, Richmond; George Roach, Salem; Carl Strauss, Albion; and missing in action, James Dages, Logansport.

The entire casualty list included the names of 303 Americans who were severely wounded; thirty-one who died from wounds; and sixty-six who were missing in action.

A Woman's Heartly Recommendation.

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not stoop down and when I was down I had to crawl up by a chair. I was so lame I suffered agony. Now I feel like a new person, strong and better in every way. My general health is quite improved. I heartily recommend Foley Kidney Pills to all suffering the way I did." They relieve dizziness, puffiness under eyes, sore muscles and joints, and rheumatic pains, when caused by disordered kidneys. F. B. Johnson—Adv.

NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, executor of the estate of Mary H. Gorman, late of said county, deceased.
Said estate is supposed to be solvent.
SAMUEL H. YOUNG.
Sept. 19, 1918.
Attest: Geo. B. Moore, Jr., Clerk Rush Circuit Court.
Young & Young, Attorney.
Sept 21-28-Oct 5

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County.
In the Rush Circuit Court, September Term, 1918.
Eurena J. VanBriggle vs. Henry VanBriggle. Complaint No. 1649.
Now comes the plaintiff, by John A. Tittsworth, her attorney, and files her complaint herein, together with an affidavit of non-residence that said defendant is not a resident of the State of Indiana; that said action is for divorce, and that said non-resident is a necessary party thereto.

Notice is therefore hereby given said defendant last named, that unless he be and appear on the 30th day of November, 1918, at the November term of the Rush Circuit Court, to be holden at the Court House in Rushville, in said County, and State, and answer or demur to said complaint, the same will be heard and determined in his absence.
Witness my name and the seal of said court, affixed at Rushville, Indiana, this 3d day of October, A. D. 1918.
GEO. B. MOORE, JR., Clerk

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County.
Virgil Holbrook vs. Corena Holbrook. Complaint No. 1591.
Now comes the plaintiff, by C. W. Duncan, attorney, and files his complaint herein, together with an affidavit, that the residence of the defendant, Corena Holbrook, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless she be and appear on the 30th day of Nov. 1918, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.
In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, this 2d day of October, A. D., 1918.
GEO. B. MOORE, JR., Clerk.

NOTICE TO NON RESIDENTS

The State of Indiana, Rush County.
In the Rush Circuit Court, September Term, 1918.
Owen L. Carr, Bruce Carr vs. The Automotive Corporation, A. H. Wyatt, whose christian name is unknown, William Hulin.
Complaint No. 1630.
Now comes the plaintiff, by C. W. Duncan, attorney, and files amended complaint herein together with an affidavit that said defendants, A. H. Wyatt and William Hulin are not residents of the State of Indiana; that said action is for attachment, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named, that unless they be and appear on the 25th day of November, 1918, in the Rush Circuit court, at the Court House in Rushville, in said county and state and answer or demur to said complaint, the same will be heard and determined in their absence.
Witness my name and the seal of said court, affixed at Rushville, this 28th day of September A. D. 1918.
GEO. B. MOORE, JR., Clerk.

Address by the Pastor Rev. John T. Aikin.
Song by the School, "Keep Me."
Benediction.
Postlude.

LUMBER
We have been successful in getting in a large stock of all dimensions, shiplap and all other building materials this summer; therefore we will not be handicapped by the embargo that has just been placed on shipments of lumber from the mills.
Remember, we have a good line of 8, 10 and 12 inch boards, suitable for general purpose work on the farm, and at a reasonable price.
